MEDEX® Travel Assist
Security That Travels With You
If you made a list of things that were important to you, security and health would probably be at the top. You think of them when you’re at home, of course. But what about when you travel?

Now security can travel with you. The MEDEX® Travel Assist program provides that security. Whether you travel for business or pleasure, whether it’s 100 or 10,000 miles from home, the program works to protect you every hour, every day of the year.

**What is MEDEX Travel Assist?**

It’s a comprehensive program of information, referral, coordination and assistance services designed to respond to most medical care situations and many other emergencies you experience when you travel. It also offers pre-travel assistance, which gives you access to information on things like passport/visa requirements, foreign currency and worldwide weather. All services are provided by MEDEX Assistance Corporation, one of the most experienced assistance companies in the United States.
**Who is covered?**

You don’t have to enroll. As a participant in your employer’s group benefit plan through Standard Insurance Company, you’re automatically covered. Family members, including your spouse and any unmarried dependent children under age 19 (through age 24 if a registered student in full-time attendance at an accredited educational institution) are also covered.

**How do you access services?**

Simply sign the identification card you’ll receive shortly, and keep it with you when you travel. Make sure to share the information and telephone numbers with family members so they can use the program if you’re not available or they’re traveling without you.

MEDEX Assist services are available 24 hours a day, every day of the year. If you need help, simply call the appropriate number on your ID card and follow the instructions listed there. Professional coordinators at the Assistance Center will act quickly and efficiently to serve you.
