Accredo Specialty Pharmacy

Health care that goes
beyond the prescription

Personalized patient care for a wide range of
complex and chronic conditions

Specialty clinicians are your guide

An easy route for getting your medication

Navigate insurance and financial assistance

Pay as little as \$0 for your medication with the copay assistance benefit administered by SaveOnSP

Specialty medications can cost a lot of money. That's why your plan offers a copay assistance benefit administered by SaveOnSP, which can help you lower your out-of-pocket costs.

Nearly 400 specialty medications are eligible for the plan benefit. If you're filling an eligible medication, a representative from SaveOnSP will contact you to complete your copay assistance program's enrollment process and arrange for the monitoring of your account.

You will need to speak with SaveOnSP before your first fill of the medication. This will help prevent delays in receiving your medication.

Drug list: Medications covered by your prescription plan

Routinely reviewed by **independent physicians and pharmacists** to ensure you receive clinically effective care.

Plan-preferred medications, including generics and brand names.

Before you visit your doctor, log in to your online account to discover pharmacy **benefits that benefit you**.

During your visit, talk with your doctor about preferred generics so you can **stress less and save more**.

Find out if a medication is on the drug list.
Use the QR code to check coverage now!

You can search by medication or condition to find a treatment option that works best for you.

Seeing your doctor? Ask and check before they prescribe.

Before your doctor prescribes your medication, ask if they're connected to **Real-Time Prescription Benefit** so they can check for the most affordable pricing and help avoid a coverage review.

You can also use your online account to **immediately check pricing and see if a less costly and more convenient—**but just as effective—option is available.

Generic prescriptions

FDA-approved generic medications contain the **same active ingredients as brand-name** counterparts.

Nine out of 10 prescriptions filled in the U.S. are for generic medications—options that usually provide the **same clinical effectiveness for less cost without a coverage review.**

Review your medications regularly with a doctor or pharmacist and ask, **“Is there a generic for that?”**

Access your online account at express-scripts.com or through our mobile app to find a generic or price a medication.

Scan the **QR code** to create a digital account today.

You could pay as low as \$0 for a generic prescription.

Prior authorization: Monitors prescription medications

Before your doctor sends a prescription, check your account to see if the medication requires prior authorization.

Simply means that **more information is needed to see if your plan covers the medication.** This is also called coverage review

May be avoided if your doctor uses Real-Time Prescription Benefit to select a medication that fits your needs and follows your plan's benefit design

Makes sure your prescription is suitable for the intended use and covered by your plan

Can be tracked online through your personal account, viewing where your medication is in the process, and other details

Vaccinations: Stress less, save more when you protect yourself

a digital account today

Covered by your prescription plan—search **express-scripts.com** to find a participating pharmacy

Ask your pharmacist which vaccines are right for you and to learn more

Present your digital ID card to the pharmacist—download to your phone for 24/7 access, print a copy or do both at **express-scripts.com** or through our mobile app

Don't pay more than you need to

Take action before your doctor writes a prescription

- + Ask them if they use **Real-Time Prescription Benefit** and can check for the most affordable pricing and avoid coverage review.
- + If not, use your online account to check pricing, if a medication comes in generic form, or if it needs prior authorization before being filled.

Take action before a medication is sent to a pharmacy

- + Ask your doctor to send your prescription to an in-network pharmacy for greater savings
- + Ask them if a 3-month supply is an option (vs. 1-month supply), or to send it through Express Scripts Pharmacy for home delivery to save you even more.

And finally...

- + Don't be fooled by coupons!
- + Take your medication as prescribed and set reminders to help you stay on track.
