I. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSALS

The purpose of the Request for Proposal (RFP) is to solicit sealed proposals to establish a contract through competitive negotiations for the procurement of a qualified professional insurance appraisal and/or valuation companies. The New Mexico Public Schools Insurance Authority (hereinafter referred to as the “Agency, NMPSIA or Authority”) is seeking proposals from companies to provide accurate Total Insured Values (refer to definition) and proof of loss documentation for both buildings, personal property, business interruption and extra expense (refer to definitions) for schools in the State of New Mexico who are members of NMPSIA as well as Albuquerque Public Schools (APS).

The Agency is looking for Vendor(s) who demonstrate a creative and effective process that has a streamlined and user-friendly information system, has a strong customer service focus, solid reporting capabilities, effective technological capabilities, experienced and has the abilities to manage the size and complexities of NMPSIA and APS, a Vendor who is capable of accepting and managing a large project and who can appraise all the requested properties within a reasonable period of time.

B. BACKGROUND INFORMATION

NMPSIA is a public entity pool created pursuant to the Public Schools Insurance Authority Act (Sect. 22-29-1 et seq. NMSA 1978). It is charged with providing comprehensive core insurance programs for participating employers and public-school districts property/liability and workers’ compensation insurance (Risk) and the full range of employee benefits coverages to participating public employees and dependents (Benefits).

The purpose of the Agency is to provide comprehensive core insurance programs for all participating public schools and to maximize cost containment opportunities for required insurance coverage. The “Risk-Related” program of the Agency was legislatively mandated on July 1, 1986 for all public K-12 schools [excluding Albuquerque Public Schools (APS)]. During each four (4) year contract period, members are prohibited from withdrawing from the Pool. In addition to the eighty-seven (88) K-12 School Districts, there are six (7) post-secondary educational institutions, ten (10) Non-Educational entities, and approximately one hundred two (102) charter schools, for a total of 207 Risk Division Members. The geographical area exposed to the Agency is statewide.

The RFP includes NMPSIA. Billing will be required to be sent from the Company directly to NMPSIA for the associated costs.

This RFP includes Albuquerque Public Schools. Billing will be required to be sent from the Company directly to APS for the associated costs.

IMPORTANT FACTS CONCERNING THE AGENCY’S CURRENT APPRAISAL PROGRAM:

- NMPSIA is self-insured for the first \$1,000,000 Per Occurrence for Property Coverage; APS maintains a deductible of \$250,000 Per Occurrence. Specific excess insurance is purchased above the self-insured retention/deductible, no aggregate excess coverage is purchased.
- NMPSIA is a growing organization adding 2-5 new Charter Schools to the pool. A system to appraise new members is important to manage. This needs to be addressed in the proposal - how mechanically will these new entities be appraised upon entrance into NMPSIA?
- NMPSIA will require the firm to have the ability to appraise every structure including man-made usable structures located on a designated property (whether the building is or not vacant) for both NMPSIA Members and APS and complete this project by an agreed time but no later than one year after this contract is effective.
- NMPSIA will require the Company to facilitate additions and deletions and to work with NMPSIA's and APS' Broker/Consultant in achieving this annual project by the end of each calendar year.
- NMPSIA requires the Company to provide annual trending factors by the end of each calendar year.
- Number of buildings as of the last property appraisal (5 years ago): 2,264 for APS and 6,930 for NMPSIA members, but we anticipate that number in to increase by at least 10%-20%. Total Insured Values (TIV) is in excess of \$20 billion. Current TIV data will not be provided to any Firm since this data is not accurate as to its current exposures.
- Client on-line system is an extremely important factor in selecting a Company. Refer to the definition "Client on-line system" in the terminology section.

C. SCOPE OF PROCUREMENT

The Authority is soliciting competitive proposals from qualified firms to perform appraisal services for its members' insured property. The project objective is to obtain uniform, reliable replacement cost appraisals for all buildings, structures and their contents.

1. The appraisal work proposed should be designed to the fulfill provision of accurate insurable values for use in any necessary proof of loss documentation.
2. Performance Standards
 - Inspections - There is to be a physical visit to each scheduled property. The following information should be identified during each on-site inspection and included in the report exhibit for each structure:
 - Property Name
 - Property address

- Type of occupancy
- Class of construction
- Number of stories
- Sprinklers –Yes/No or N/A
- Sprinkler %
- Story height
- Square footage (determined through physical measurements, blueprints, or computer aid designs (CADs))
- Roof material
- Exterior wall material
- Elevators
- Electrical
- Plumbing
- HVAC including heating and cooling type
- Fire protection

The TERM will be for one year with the option to renew for three one-year renewals. This can be either a single or multiple award dependent on the proposals. The contracts will be separate for NMPSIA and APS.

IMPORTANT: The price of products offered or the cost of services proposed **SHALL NOT** be designated as proprietary or confidential information.

If a request is received for disclosure of proprietary or confidential materials, the Agency shall examine the request and make a written determination that specifies which portions of the proposal should be disclosed. Unless the Offeror takes legal action to prevent the disclosure, the proposal will be so disclosed. The proposal shall be open to public inspection subject to any continuing prohibition on the disclosure of proprietary or confidential information.

9. No Obligation

This RFP in no manner obligates the State of New Mexico or any of its Agencies to the use of any Offeror's services until a valid written contract is awarded and approved by appropriate authorities.

10. Termination

This RFP may be canceled at any time and any and all proposals may be rejected in whole or in part when the Agency determines such action to be in the best interest of the State of New Mexico.

11. Sufficient Appropriation

Any contract awarded as a result of this RFP process may be terminated if sufficient appropriations or authorizations do not exist. Such terminations will be affected by sending written notice to the contractor. The Agency's decision as to whether sufficient appropriations and authorizations are available will be accepted by the contractor as final.

12. Legal Review

The Agency requires that all Offerors agree to be bound by the General Requirements contained in this RFP. Any Offeror's concerns must be promptly submitted in writing to the attention of the Procurement Manager.

13. Governing Law

This RFP and any agreement with an Offeror which may result from this procurement shall be governed by the laws of the State of New Mexico.

14. Basis for Proposal

Only information supplied in writing by the Procurement Manager via NMPSIA.procurement@psia.nm.gov or contained in this RFP shall be used as the basis for the preparation of Offeror proposals.

15. Contract Terms and Conditions

The contract between an agency and a contractor will follow the format specified by the Agency and contain the terms and conditions set forth in the Draft Contract Appendix C. However, the contracting agency reserves the right to negotiate provisions in addition to those contained in this RFP (Draft Contract) with any Offeror. The contents of this RFP, as revised and/or supplemented, and the successful Offeror's proposal will be incorporated into and become part of any resultant contract.

The Agency discourages exceptions from the contract terms and conditions as set forth in the RFP Draft Contract. Such exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Agency (and the Evaluation Committee), the proposal appears to be conditioned on the exception, or correction of what is deemed to be a deficiency, or an unacceptable exception is proposed which would require a substantial proposal rewrite to correct.

Should an Offeror object to any of the terms and conditions as set forth in the RFP Draft Contract (APPENDIX C) strongly enough to propose alternate terms and conditions in spite of the above, the Offeror must propose **specific** alternative language. The Agency may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions of the Draft Contract are not acceptable to the Agency and will result in disqualification of the Offeror's proposal.

Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

If an Offeror fails to propose any alternate terms and conditions during the procurement process (the RFP process prior to selection as successful Offeror), no proposed alternate terms and conditions will be considered later during the negotiation process. Failure to propose alternate terms and conditions during the procurement process (the RFP process

prior to selection as successful Offeror) is an **explicit agreement** by the Offeror that the contractual terms and conditions contained herein are **accepted** by the Offeror.

16. Offeror's Terms and Conditions

Offerors must submit with the proposal a complete set of any additional terms and conditions they expect to have included in a contract negotiated with the Agency. See Section II.C.15 for requirements.

17. Contract Deviations

Any additional terms and conditions, which may be the subject of negotiation (such terms and conditions having been proposed during the procurement process, that is, the RFP process prior to selection as successful Offeror), will be discussed only between the Agency and the Offeror selected and shall not be deemed an opportunity to amend the Offeror's proposal.

18. Offeror Qualifications

The Evaluation Committee may make such investigations as necessary to determine the ability of the potential Offeror to adhere to the requirements specified within this RFP. The Evaluation Committee will reject the proposal of any potential Offeror who is not a Responsible Offeror or fails to submit a Responsive Offer as defined in §13-1-83 and §13-1-85 NMSA 1978.

19. Right to Waive Minor Irregularities

The Evaluation Committee reserves the right to waive minor irregularities, as defined in Section I.F.19. The Evaluation Committee also reserves the right to waive mandatory requirements, provided that **all** of the otherwise responsive proposals failed to meet the same mandatory requirements and the failure to do so does not otherwise materially affect the procurement. This right is at the sole discretion of the Evaluation Committee.

20. Change in Contractor Representatives

The Agency reserves the right to require a change in contractor representatives if the assigned representative(s) is (are) not, in the opinion of the Agency, adequately meeting the needs of the Agency.

21. Notice of Penalties

The Procurement Code, §§13-1-28 through 13-1-199 NMSA 1978, imposes civil, and misdemeanor and felony criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities and kickbacks.

22. Agency Rights

The Agency in agreement with the Evaluation Committee reserves the right to accept all or a portion of a potential Offeror's proposal.

23. Right to Publish

Throughout the duration of this procurement process and contract term, Offerors and contractors must secure from the agency written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement and/or agency contracts deriving from this procurement. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or removal from the contract.

24. Ownership of Proposals

All electronic documents submitted in response to the RFP shall become property of the State of New Mexico. If the RFP is cancelled, all electronic responses received via NMPSIA.procurement@psia.nm.gov shall be destroyed by the NMPSIA within three (3) business days of notification of the cancellation.

25. Confidentiality

Any confidential information provided to, or developed by, the contractor in the performance of the contract resulting from this RFP shall be kept confidential and shall not be made available to any individual or organization by the contractor without the prior written approval of the Agency.

The Contractor(s) agrees to protect the confidentiality of all confidential information and not to publish or disclose such information to any third party without the procuring Agency's written permission.
