

Find a Pharmacy that Offers Vaccines

Before You Visit the Pharmacy...

- Check with your plan sponsor about vaccine coverage and copayment information.
- Make sure the pharmacy you use is part of your Express Scripts participating pharmacy network. If you're not sure, use the Locate a Pharmacy feature to find out.
- Call the pharmacy to verify their current vaccination schedule, vaccine availability, and any age restrictions.

When You Get to the Pharmacy...

- Be sure to present your prescription member ID card at the time of service.
- Some of the pharmacies below may have an on-site clinic that offers vaccines. Be sure to **get your vaccine from the pharmacist at the pharmacy**, not from the clinic.
